Smart Parking Platform – Project Management Plan

PART 3: Market Research & Competitive Analysis

Competitive Analysis Matrix

Competitor/Feature	Park Mobile	SpotHero	Smart Parking Platform
Real time availability	Partial	Reservation based	Full real time integration
Interactive map navigation	Basic map	Basic map	Turn by turn GPS integration
Operator analytics suite	limited	limited	Advance pricing
Digital payment & receipts	yes	yes	yes
Municipal integration	high	low	Designed for city/garage

SWOT Analysis

Strength	Weaknesses
- Unified driver + operator platform - Unlimited dev budget	- Heavy APi dependency - New entrant brand awareness
Opportunities	Threats
- Smart city partnerships - Dynamic revenue pricing models	- Rapid technological shifts - Local ordinance compliance

Value Proposition & Strategic Differentiators

- Dual sided ecosystem
- Real time accuracy
- Operator Monetization
